

A man and a woman are sitting on a wooden deck, looking out over a large body of water at dusk. The deck is made of dark wood and has a black metal railing. The house is on the left, with a brick wall and a covered porch area. The sky is a mix of blue and orange, and the water reflects the light. In the background, there are trees and some buildings across the water.

COMPOSITE LUMBER

DISTINCTION® | Rustic Walnut

DISTINCT BEAUTY

Some features of the Envision Distinction® line include:

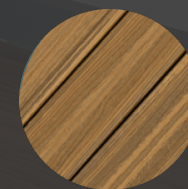

- Distinct beauty with four to six colors and dramatic highlights in each board.
- Four multi-shaded color options – Spiced Teak, Shaded Auburn, Rustic Walnut, and Grey Wood.
- Deep-grain and a wood-like texture with more random patterns for a natural wood look.
- Compression molded process creates a physical bond between the outer layer and core board to help prevent delamination.

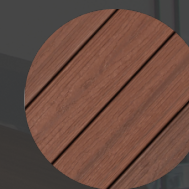

You can truly set your deck apart with the Envision Distinction® line from TAMKO®. The Distinction® line is defined by its unparalleled elegance. No Distinction® deck is the same. Each deck carries its own luxurious air and gives you a deck that you can call your own. When guests see your Envision Distinction® deck, they will be awestruck by its beauty and brilliance.

Choose From BEAUTIFUL HUES

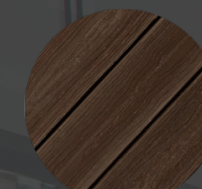

The Distinction® line comes in four multi-shaded color options. These colors were designed to emulate the textures and natural color variations found in exotic wood. Choose from exquisite options such as Spiced Teak, Shaded Auburn, Rustic Walnut, and Grey Wood.

Multifamily Housing & Commercial Applications

The TAM-RAIL® Railing System is available in 6-, 8-, and 10-foot sections and a 42-inch rail height, making it ideal for multifamily and commercial applications. Select from colonial or square balusters and add the finishing touch with a designer post cap.

**Also available in solar post caps*

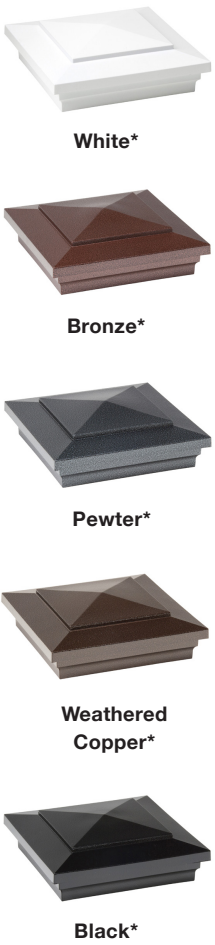

TAM-RAIL® With Square Balusters

MARQUEE RAILING® With Bronze Post caps & Hardware

Our Marquee Railing® System incorporates the finer details that create an appearance of remarkable distinction. Post caps, rings, and brackets, designed with a hammered metal look and solar lighting options, provide a unique finishing touch.

**Also available in solar post caps*

Marquee Railing is available in:

- White
- Shadow Grey
- Dark Walnut

ACCESSORIES

No Envision® composite deck would be complete without the necessary accessories. Our Envision® Decking accessories have been specifically designed for our composite lumber. From fastening systems to deck skirting, our accessories provide the finishing touch to your deck.

SKIRTING

Composite skirting is available to complement all Envision® and EverGrain® composite lumber colors. Opt for a complementary color or a contrasting option to personalize your outdoor living space.

EXPRESSION® | Canyon Ridge

EverClip® Hidden Fasteners

- Serrated edge provides lateral holding power to help prevent board creep and movement.
- Screw and clip come pre-assembled for quick install.
- Vertical 90-degree installation of the clip allows for the assembly of two board edges at one time.
- Allows for single board removal when necessary.

Deck Screws

- Easy to install.
- Designed to complement Envision® and EverGrain® Decking.
- Safe for use with treated lumber.
- Available in coated carbon steel and stainless steel.

Representation of these colors is as accurate as modern technology will permit. As with any composite product, color variations will occur. View several full length boards prior to final color selection. Colors will usually weather to a lighter shade within the first several months of exposure to the environment. Color selection may vary across profiles. For product specifications and additional information visit EnvisionDecking.com.
